Best Installed Value

After the success of the Hansen Polythene Pipe Fittings, Hansen Products decided to design and manufacture a range of Tank Fittings as there was a high demand for high quality non-metallic threaded fittings. The Hansen range of *TrueFit* Tank Fittings was consequently born and have become well recognised internationally in both domestic and commercial markets for their reliable, dependable sealing capabilities.

Traditionally the Tank Fittings main use has been exactly as its name describes, for tanks! But in actual fact the Hansen Male and Female Tank Fittings have a greater variety of uses: Tanks, Troughs, Marine applications, Campers, Caravans, Irrigation, Home applications and a wide range of other domestic and commercial settings. With the addition of SGS Marine and potable water approvals, the Hansen range of *TrueFit* Tank Fittings have the qualifications that assure you have chosen the best tank fitting solution available for your application.

With over 60 years experience in manufacturing, Hansen Products knows the importance that pipe fittings play in the performance and control of fluid delivery, flow and pressure within a pipe system. This has seen Hansen Products build a reputation for providing high performance, easy to use, innovative, simple products that provide our customers with "Best Installed Value".

All Hansen products carry our Limited Lifetime Warranty*
